

I-EARN MOLDOVA NATIONAL STUDENT MEDIA CONFERENCE

Project implemented by Academy for Innovation and Change through Education

Who is invited?

EFL teachers and their students are invited to participate in the iEARN-Moldova National Student Media Conference.

Why to participate?

The iEARN-Moldova National Student Media Conference will showcase your best work: memorable student made video production, successful lesson plans, iEARN case studies and international collaboration results.

When will the event take place?

March, 2016

Is there any conference participation fee for participants?

The conference is free of charge. Participants will be reimbursed travel expenses and will be provided free lunch and snacks.

Will participants receive certificates?

Yes, both teachers and students will receive certificates and diplomas.

Moldovan teachers and students around the country are invited to share their best media products created as part of international collaborative projects implemented under the iEARN umbrella.

Adobe Youth Voices (AYV) came to life in 2006 with a powerful vision: to empower students to develop digital media-making skills and drive change in their communities.

AYV has developed into a global movement with about 250,000 youth from 60 countries participating since its inception.

BEST STUDENT PRODUCED MEDIA

EFL teachers are invited to register their students to present their best media projects as part of the conference competition.

Winners will be chosen in five different categories: *animation, documentary, narrative, visual composition and civic engagement.*

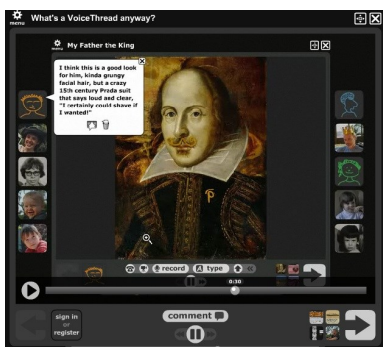

BEST STUDENT PROJECTS COMPETITION

How will winners be selected?

A diverse panel of judges – including ACCESS, iENGAGE and iEARN Moldova teachers, students and alumni – will select first, second and third place winners by voting for their favorite projects online.

What type of student media can participate in the conference?

Teachers can register student projects made using such media tools as: *Powtoon, Vimeo, Slide story, UtellStory, Voicethread, Blabberize, Narrable, Stupeflix, Movenote, Windows Movie Maker, DVolver, Animoto.*

BEST LESSON PLAN INVOLVING STUDENT MEDIA PRODUCTION

EFL teachers are invited to submit their lesson plans which include student media production.

Are accepted lesson plans which:

- Focus on students creating a media product, such as a video, a slideshow with voice, a cartoon, an animation, a video story, etc.
- Are part of an international project, such as iEARN projects.
